Irchester Community Primary School is a two-form entry school on a spacious site two miles south of Wellingborough. The school has developed a reputation as a centre of excellence for teaching primary science. We are unique in Northamptonshire having a full-time Scientist in Residence in our very own lab, known as Lab 13. In our extensive grounds we run 'forest school' style activities and have access to the local country park. We are a founder member of the local Nene Valley Partnership of four local schools.

Our school values underpin our school's philosophy and ethos. They contribute to the high standard of good behaviour and strong moral, spiritual and culture education of the children. We have a strong ethos of nurture, support and well-being for all.

There is a strong emphasis on teamwork in our school. We are committed to the continuous professional development of staff and put time and money into developing them as lead learners in school.

If you are interested in joining our team come along and visit to discover that – as our motto says – Irchester Community Primary School is the place '*where learning grows*'. Please telephone 01933 353848 or email Mrs Wendy Austyn (bursar@irchester.northants-ecl.gov.uk) to arrange a mutually convenient time to visit.

We are committed to safeguarding and promoting the welfare of all pupils and expect all staff to share this commitment. Enhanced DBS clearance is required for this post, plus two references for all short-listed candidates.
